FICTION:**MIGRATIONS by Charlotte McConaghy (August 2020)**

Editor: Caroline Bleeke; Material: manuscript; Page count: 272

Comparison: Lily King and Barbara Kingsolver

Franny Stone has always been a wanderer. By following the ocean's tides and the birds that soar above, she can forget the losses that have haunted her life. But when the wild she loves begins to disappear, Franny can no longer wander without a destination. She arrives in remote Greenland with one purpose: to find the world's last flock of Arctic terns and follow them on their final migration. She convinces Ennis Malone, captain of the *Saghani*, to take her onboard, winning over his eccentric crew with promises that the birds she is tracking will lead them to fish. As the *Saghani* fights its way south, Franny's new shipmates begin to realize that she is full of dark secrets: night terrors, an unsent pile of letters, and an obsession with pursuing the terns at any cost. When the story of her past begins to unspool, Ennis and his crew must ask themselves what Franny is really running toward—and running from. Propelled by a narrator as fierce and fragile as the terns she is following, *Migrations* is both an ode to our threatened world and a breathtaking page-turner about the lengths we will go for the people we love.

“*Migrations* is as beautiful and as wrenching as anything I’ve ever read. This is an extraordinary novel by a wildly talented writer.”—Emily St. John Mandel, author of *Station Eleven*

“An astounding meditation on love, trauma, and the cost of survival. With soulful prose and deep empathy, McConaghy weaves parallel stories of a woman and a world on the brink of devastation, but never without hope. This is a true force of a book that I read holding my breath from its start to its symphonic finish.”—Julia Fine, author of *What Should Be Wild*

CREATURES, ALL by Charlotte McConaghy (August 2021)

Editor: Caroline Bleeke; Material: manuscript due May; Page count: 320

Comparison: Delia Owens

In the next novel from Charlotte McConaghy, young scientist Inti Flynn has a singular purpose: to reintroduce wolves into the Scottish Highlands. But her efforts to rewild the dying landscape are met with fierce opposition from the locals who fear for their safety and way of life. When a farmer is mauled to death, Inti decides to bury the evidence, unable to believe her wolves could be responsible. But if the wolves didn't make the kill is something more sinister at play? And will it happen again? Over the course of a cold year, Inti will take desperate action to save the creatures she loves, and, perhaps, save herself along the way—if she isn't first consumed by a wild that was once her refuge. *Creatures, All* is a story of violence and tenderness about the healing power of nature and the rewilding of our spirits in a world that has lost so much.

THE YELLOW BIRD SINGS by Jennifer Rosner (March 2020)

Editor: Caroline Bleeke; Material: finished copies; Page count: 304

Comparison: *Lilac Girls* by Martha Hall Kelly

After the Jews in their town are rounded up, Róza and her five-year-old daughter Shira, a musical prodigy, spend day and night hidden in a farmer's barn. Shira struggles to stay still and quiet, as music pulses inside her. To pass the time, Róza tells Shira a story: There is a little girl who, with the help of her yellow bird, tends an enchanted garden. The garden must be kept completely silent—only the bird can sing the girl's musical compositions—and together the girl and her bird avert many threats. Thus Róza manages to soothe Shira and shield her from the horrors around them. But then the day comes when their haven is no longer safe, and Róza must face an impossible choice: whether to keep Shira by her side or give her the chance to survive apart. *The Yellow Bird Sings* is a beautiful, heartrending novel about the unbreakable bond between a mother and a daughter and the triumph of hope in even the darkest of times.

“Memoirist and award-winning children’s author Rosner challenges the Holocaust with a touch of magic (the yellow bird appears throughout), clarifying a dangerous time and place even as she offers a vibrant, affecting portrait of the mother-daughter relationship.”—*Library Journal*, starred review

“A beautiful book in so many ways. Like Shira’s imaginary bird, Jennifer Rosner’s prose is lilting and musical, yet her tale of war’s grave personal reality is gripping, heartrending, and so very real.”—Lisa Wingate, author of *Before We Were Yours* and *Before and After*

THE PATRON SAINT OF PREGNANT GIRLS by Ursula Hegi (June 2020)

Editor: Caroline Bleeke; Material: manuscript; Page count: 288

Comparison: *The Light Between Oceans* by M. L. Stedman and *Water for Elephants* by Sara Gruen

In the summer of 1878, the Ludwig Zirkus has come to the island Nordstrand in Germany. Big-bellied girls rush from St. Margaret's Home for Pregnant Girls, thrilled to see the parade and the show, followed by the Sisters who care for them. The Old Women and Men, competing to be crowned as the island's Oldest Person, watch, thinking they have seen it all. But after the show, a Hundred-Year Wave roars from the Nordsee and claims three young children. Three mothers are on the beach when it happens: Lotte, whose children are lost; Sabine, a Zirkus seamstress with her grown daughter; and Tilli, still just a child herself, who will give birth later that day at St. Margaret's. And all three will end up helping each other more than they ever could have anticipated. As full of joy and beauty as it is of pain, and told with the luminous power that has made Ursula Hegi a beloved bestselling author for decades, *The Patron Saint of Pregnant Girls* is a shattering portrait of marriage and motherhood and of the ways in which women hold each other up in the face of heartbreak.

“Hegi’s new novel is sure to be her next beloved book...A writer at the height of her powers. I can’t think of a better way to ‘endorse’ a novel than to say I will be gifting it to my book-loving friends and family—a gift, mind you, not a loan, as I want to keep this title in my keeper bookshelf along with several others of my favorite of Hegi’s novels. As in a circus after a particularly riveting performance, *The Patron Saint of Pregnant Girls* deserves a thunderous round of applause.”—Julia Alvarez, author of *In the Time of the Butterflies*, *How the García Girls Lost Their Accents*, *Saving the World*, and most recently *A Wedding in Haiti*

Comparison: Jordan Harper, Attica Locke, Joe Ide

Blacktop Wasteland is a gritty, voice-driven crime novel about a former getaway driver who thought he had escaped the criminal life—but is pulled back in with the promise of one last score. Beauregard “Bug” Montage is an honest mechanic, a loving husband, and a hard-working dad. Bug knows there’s no future in the man he used to be: known from the hills of North Carolina to the beaches of Florida as the best wheelman on the East Coast.

But as his carefully built new life begins to crumble, he finds himself drawn inexorably back into a world of blood and bullets. When a smooth-talking former associate comes calling with a can’t-miss jewelry store heist, Bug feels he has no choice but to get back in the driver’s seat. And Bug is at his best where the scent of gasoline mixes with the smell of fear. Haunted by the ghost of who he used to be and the father who disappeared when he needed him most, Bug must find a way to navigate this blacktop wasteland...or die trying. S. A. Cosby’s *Blacktop Wasteland* is a searing, operatic story of a man pushed to his limits by poverty, race, and his own former life of crime.

“Blacktop Wasteland is an urgent, timely, pitch-perfect jolt of American noir. S. A. Cosby is a welcome, refreshing new voice in crime literature.”—Dennis Lehane, bestselling author of *Since We Fell* and *Mystic River*

THE GLASS HOUSE by Beatrice Colin (September 2020)

Editor: Caroline Bleeke; Material: manuscript; Page count: 272

Comparison: Kathleen Tessaro

Antonia's life hasn't gone the way she planned. She and her husband, Malcolm, have drifted apart; her burgeoning art career came to nothing; and when she looks in the mirror, she sees an unhappy woman. But at least she will always have Balmarra, her family's grand Scottish estate, and its exquisite glass house filled with plants that can take her far away from the world's disappointments. So when her estranged brother's wife, Cicely, shows up at her doorstep with her young daughter and enough trunks to last the summer, Antonia is instantly suspicious. What could have brought her glamorous sister-in-law all the way from India to damp, chilly Scotland except for an inheritance dispute? As Antonia and Cicely get to know each other, they strike up a fragile friendship. But each is keeping secrets from the other, and the reveals threaten not only the uneasy balance between them, but the course of their entire lives. Set in the early 1900s, this gorgeously written and transporting novel is the story of a complicated and unexpected friendship between two women from vastly different worlds and an incisive exploration of race, class, and equality.

YOUNG ADULT:**GIRL, SERPENT, THORN by Melissa Bashardoust (May 2020)***Editor: Sarah Barley; Material: manuscript; Page count: 336*

There was and there was not, as all stories begin, a princess cursed to be poisonous to the touch. But for Soraya, who has lived her life hidden away, apart from her family, safe only in her gardens, it's not just a story. As the day of her twin brother's wedding approaches, Soraya must decide if she's willing to step outside of the shadows for the first time. Below in the dungeon is a demon who holds knowledge that she craves, the answer to her freedom. And above is a young man who isn't afraid of her, whose eyes linger not with fear, but with an understanding of who she is beneath the poison. Soraya thought she knew

her place in the world, but when her choices lead to consequences she never imagined, she begins to question who she is and who she is becoming...human or demon. Princess or monster. Taking inspiration from the Persian myths and legends she grew up with, Melissa Bashardoust's sophomore novel is a captivating and utterly original tale that surprises at every turn.

“Girl, Serpent, Thorn is a deliciously lush fairy tale of a novel. I was swept away by Bashardoust’s prose and found myself losing track of time as I read, turning every page, sinking into her magnificent world, wishing it would never end. At its heart, it’s a book about a girl who may be monstrous claiming her own power, filled with twists and a fascinating queer romance that stole my own heart. I cannot wait to read what Melissa Bashardoust writes next!”—Patrice Caldwell, editor of *A Phoenix First Must Burn: Sixteen Stories of Black Girl Magic, Resistance, and Hope*

“This is a gorgeously written book set in a beautiful and dangerous world. I loved the vividness of the story, and the way Bashardoust makes stories *matter* in this book. I was captivated from the beginning, and absolutely thrilled with the end. Watching Soraya come into her own as a character was a delight.”—Kat Howard, author of *An Unkindness of Magicians*

THE INSOMNIACS by Marit Weisenberg (September 2020)

Editor: Sarah Barley; Material: manuscript; Page count: 336

When seventeen-year-old competitive diver Ingrid Roth freezes up at a routine meet and sustains a head injury, her orderly life is turned upside down. Diving wasn't just her ticket to a full-ride scholarship and the focus of her life thus far, it was also her last connection to her dad, who left many years ago for a more glamorous life (and family). Now housebound and sedentary on doctor's orders, Ingrid can't sleep and is haunted by the question of what triggered her uncharacteristic stage fright. The only thing she remembers about the moment before the dive is seeing Van Tagawa, her neighbor, former best-friend, and forever crush, on the sidelines with a teammate. Then one sleepless night, she sees Van out her window...looking right back at her. They tentatively begin "not sleeping" together every night but still living totally separate lives by day, ignoring years of childhood friendship. Soon, she and Van are up every night intertwined in helping each other put pieces of their memories together. As they become increasingly unsettled about the empty house next door and their faint memories of a party that took place there, both of them are pulled into a mystery that turns their quiet neighborhood into a far darker place than they realized.

“*The Insomniacs* is romantic, mysterious, and addictive, with enough twists to keep you up all night.”—Tara Goedjen, author of *The Breathless*

NON-FICTION:**HEARTWOOD: On Learning to Live with the End in Mind by Barbara Becker (March 2021)***Editor: Sarah Murphy; Material: manuscript due May; Page count: 308*

The meaning of heartwood: to accept the inseparability of life and death, the growth rings and the dead wood at the core, as a message of wholeness.

Just as with the heartwood of a tree—the central core that is no longer alive but is supported by newer growth rings—the dead become the heart of the living. After a life spent facing a variety of losses, Barbara Becker knows this to be true. Now, in **Heartwood**, Becker shares the stories of lost loved ones and the way each has touched her life—inspiring readers to find strength in what remains and to trust that the natural cycle of life and loss can help us to better live our lives. As life and death cannot exist separately from one another, Becker has discovered that being open to death is a powerful way to learn about living—that a freedom emerges when we stop pretending we will live forever. With moving recollections on coping with loss, glimpsing her own mortality, and meditating on death, Becker affirms that living with the end in mind can be an ennobling endeavor, as the more we embrace dying, the more we embrace living.

THE POWER OF WOMEN by Dr. Denis Mukwege (May 2021)*Editor: Bryn Clark; Material: manuscript due June; Page count: 320*

In this new book, Nobel Laureate and Congolese gynecological surgeon Dr. Mukwege draws from his experience treating sexual assault victims to illuminate the enduring strength of women in the face of violence and trauma and to give hope for the potential of individuals to turn the tide. He stresses the importance of breaking down the taboos surrounding assault and the necessity of building a system that supports women who come forward. He also forces readers to reckon with the West's involvement in perpetuating sexual violence in places like Congo and to confront the abuse taking place in their own communities. Dr. Mukwege's work has led him to South Korea, Latin America, the Middle East, and elsewhere in Africa where he has found striking similarities in women's testimonies. Through the intricate ties of the global economy, we are all implicated in violence against women—whether it occurs amidst the fighting in Congo or on college campuses in the West. But there is a way forward, and *The Power of Women* strives to call us all to action. Taking action is a choice. Taking action means saying 'no' to indifference.

FREE, MELANIA: The Unauthorized Biography by Kate Bennett (December 2019)*Editor: Amy Einhorn; Material: finished copies; Page count: 288*

Melania Trump is an enigma. Regardless of your political leanings, she is fascinating—a First Lady who, in many ways, is the most modern and groundbreaking in recent history. A former model whose beauty in person leaves people breathless, a woman whose upbringing in a communist country spurred a relentless drive for stability, both for herself and for her family. A reluctant pillar in a controversial presidential administration who speaks five languages and runs the East Wing like none of her predecessors ever could—underestimate her at your own peril (as a former government official did and was summarily fired). But who is she really? In *Free, Melania*, we get an insider look at Melania Trump, from her childhood in Slovenia to her days in the White House and everything in between. Bennett, an expert on First Ladies, has unparalleled access to Melania’s very small and loyal inner circle. As she shows in this page-turning book, the seemingly most reluctant First Lady is, in many ways, the most compelling and complex First Lady, ever.
