In the world of V.C. Andrews, mother doesn't always know best. Twisted maternal motives, siblings in peril, and a dark tragedy are just the beginning for the Eden family. When Paula Eden adopts Faith and Trevor, she believes there is something special between them. A former teacher, Paula homeschools her new son and daughter, and is dazzled by their brilliance. But as the children grow into their teenage years, their desire for independence grows. Faith sets her sights on someone outside of the family—a handsome young man visiting from out of town. As her feelings for the outsider blossom, Paula grows increasingly desperate to preserve the integrity of her own small family, and sinister plans for her adoptive children to carry on her family legacy. ON GIN LANE
Hardcover * May 2022

Everleigh "Lee" Farrows is a young Manhattan socialite who thinks she has life all figured out: a handsome fiancé named Roland, a trust in her name, and a house in Bronxville waiting for her to fill it with three children. That is, until Roland brings her out to the Hamptons for the summer of 1957, a summer that will change everything. Most women could only dream of the engagement present Roland bestows on Lee—a brand new beachside hotel bearing her name—but Lee's shock and delight is clouded by unpleasant memories of another hotel, the Plaza, where she was forced to grow up in the shadow of her mother's mental illness. Shaking off the flashbacks, Lee resolves to dive into summer with poolside Bellinis, daily tennis matches, luncheons with her Manhattan circle, and her beloved Nikon S2 in tow. But when tragedy strikes on the hotel's opening night—a night filled with toasts, celebrity guests, and the promise of an unforgettable summer—Southampton erupts into chaos, and her and Roland's entire future together is called into question. For the first time in her sheltered life, Lee must look beyond money, beyond society's expectations, and through the lens of her camera, to determine whether being a supportive wife and mother will ever truly be enough for her. From the regal inns to the farmland, the well-heeled New Yorkers to the Bohemian artists, the East End of Long Island is a hodge-podge of the changing American landscape in the late 50s—and the perfect place for Lee to discover who she really is.

MARSH QUEEN
Hardcover * September 2022

Loni Mae Murrow's life in Washington, DC is tidy, if a trifle constrained. In her mid-thirties, she's a bird artist at the Smithsonian who spends her days at a desk, making elaborate drawings of sparrows and scrub-jays and purple gallinules. Then she's summoned back home to the wetlands of northern Florida, where she grew up, to help her mother, who's grown frail and forgetful and has been resentfully consigned to assisted living. Loni may not be her mother's only child, but there are some things only a daughter can do. Although Florida, with its suffocating heat and difficult memories, is a place she thought she'd managed to get away from, Loni soon discovers that home is not so easily forgotten. Going through her mother's things, she finds a cryptic note from a woman whose name she doesn't recognize: "There are some things I have to tell you about Boyd's death," it reads. Boyd is her father, a man who met a murky death in a boating accident out on the marsh when Loni was twelve and her little brother just a baby. The circumstances of his death, long presumed a suicide, turn out to be murkier than anyone thought. Against her better judgment, Loni finds herself drawn into a quest to discover the truth about how he died. Against the mottled landscape of her youth, she is led both away from and toward the truth about the past and its betrayals. One by one, the forces keeping her in Florida become stronger. Someone begins to threaten her as she uncovers pieces of her father's story, but she can't figure out who. In the midst of this danger, she struggles to reconnect with her mother through the remnants of their past and to reconcile with her brother and his pushy, provincial wife, even as she fights an attraction to a man who encourages her to stay in the South even as she determines to return to her job in Washington. At last moved to avenge the wrongs done to her family, Loni has to decide whether to join the violence or end it. **Virginia Hartman's** stories have been shortlisted for the New Letters Prize and the Dana Awards and have been published in numerous literary journals and anthologies. Her writing has been supported by both the Virginia Center for the Creative Arts and the Sewanee Writers' Conference. She holds an MFA in creative writing from American University and is on the Creative Writing faculty at George Washington University. THE MARSH QUEEN is her first novel.

However, any hope of reconciliation with Viv and Maggie is dashed when a bomb destroys the Thompsons' home that was supposed to be Maggie's safe haven in the storm of war. With the coming of VE Day and the end of the war, Viv and Joshua's lives will change again as she tastes the first real freedom she's ever had and Joshua has a chance to revive all of the dreams of musical fame he's always harbored. Anthony, Carl Sferrazza
CAMERA GIRL: The Coming of Age of Jackie Bouvier Kennedy
Hardcover * May 2023

An illuminating new biography of Jackie Kennedy -- set during the time when she was 20 to 25 years old -- that covers the heretofore untold adventures of her time abroad in Paris, her life as an inquiring columnist and photographer at a Washington D.C. newspaper, and her romance with the charismatic congressman who shared her intellectual passion. *Camera Girl* brings to cinematic life Jackie Kennedy's years as a young woman chafing at the expectations of her family and her era as she seeks to follow her dreams of becoming a famous writer. Set primarily during the underexamined years of 1950-1954, when Jackie was 20 to 25 years old, the book recounts the extraordinary story of her late college years, coming-of-age, and her life as a young female journalist. Before she met Jack Kennedy, Jacqueline Bouvier was a columnist at the *Washington Times-Herald*, the paper's "Inquiring Camera Girl," who posed intelligent and amusing questions to the public on the streets of D.C. (while also snapping their photos with her unwieldy Leica camera). She then fashioned the results into a daily column, 600 of which were published in total. Carl Anthony, author and leading expert on First Ladies, uses these columns and other writings of hers from that time, as well as a trove of revealing interviews he has conducted with her friends and colleagues, to offer a fresh and modern perspective on the young woman who would later become one of the world's most beloved icons. It's a glamorous, surprising, and distinctly feminist story about a woman determining her own priorities and defining herself, told with admiration and empathy, as well as journalistic rigor and historical accuracy. **Carl Sferrazza Anthony** is a former historian of the National First Ladies' Library and the author of a dozen books about Presidents' wives and families, their significance, and their power. His books include the oral history biography *As We Remember Her: Jacqueline Kennedy Onassis in the Words of Her Friends and Family; The Kennedy White House: Family Life and Pictures, 1961–1963;* the two-volume *First Ladies: The Saga of the Presidents' Wives and Their Power, 1789–1961;* and *America's First Families: An Inside View of 200 Years of Private Life in the White House.* His articles have appeared in the *New York Times*, *Newsweek*, *American Heritage,* and *Vanity Fair.*

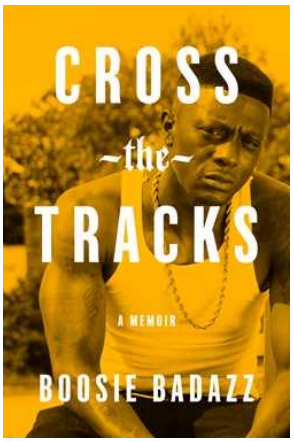
Baddazz, Boosie
CROSS THE TRACKS: A Memoir
Hardcover * September 2022



From one of rap's most personal and evocative writers comes a memoir in the vein of The Autobiography of Gucci Mane about how Boosie Badazz, one of the industry's most controversial figures, was able to overcome insurmountable odds to make his music dreams a reality. A Baton Rouge native who began rapping at age 14, Boosie Badazz was already a cult hero in Louisiana when, in 2009, he was sentenced to two years in prison. The next year, he was indicted on even more serious charges. Prosecutors played Boosie's music in the courtroom in an attempt to paint him as a thug with no chance of redemption. However, against overwhelming odds and the backdrop of a social media campaign to #FreeBoosie, he was freed in March of 2014 with a rare second chance to make his music dreams come true. In this evocative and compelling memoir, Boosie explores the relationship between his life on the streets with his ceaseless tear through the rap industry. From near-death experiences to a ruthless bout with kidney cancer to a life-threatening diabetes diagnosis, Boosie has overcome remarkable challenges to make a name for himself as one of rap's most influential voices. A redemptive story with an urgent voice, CROSS THE TRACKS is the survival tale of a man who wasn't sure he would live to see another day...but who rose from the ashes to change the music industry forever. **Torrence Hatch Jr.** is an American rapper, singer, songwriter, actor, record producer, and executive, better known by his stage name Boosie Badazz or simply Boosie (formerly Lil Boosie).

Jenkins, Sally
RIGHT CALL: What Sports Teach Us About the Art of Decision-Making
Hardcover * May 2023

From a *New York Times* bestselling sportswriter, a love letter to extraordinary coaches and athletes, and a primer on the principles of excellence they model for all of us in our everyday lives. Sportswriter and columnist Sally Jenkins spent her whole life literally stamping great coaches and athletes down in letters. But somewhere along the line, she realized, they had begun to write *her.* Their example could shape her into something better if she paid attention. What she learned from great athletes and coaches is that champions are the product of their own work. This book is an effort to catalog the inner qualities that allow ordinary people to overcome pressure, elevate their performances and find champion identities. GREATNESS IN PRACTICE uses breath-takingly dramatic sports anecdotes featuring the elite coaches and play-makers Steve Kerr, Bill Belichick, Pat Summit, Peyton Manning, and Jill Ellis, Michael Phelps, and Andre Agassi, among others, to illustrate 7 principles which underlie great decision-making. The seven principles (conditioning, practice, discipline, candor, culture, resilience, intention) are each broken down and explored in their own chapters through long-form sports stories. This book is the one stop shop for anyone wanting to learn how to effectively lead and achieve. From sports fans to businesspeople and everyone in between, there is something for any reader ready to elevate their greatness practices. **Sally Jenkins** has been a *Washington Post* columnist and feature writer for more than 20 years. She was twice a finalist for the Pulitzer Prize and was named the winner of the Associated Press Red Smith Award for Outstanding Contributions to Sports Journalism. She has been named a columnist of the year four times each by the Associated Press and is the author of 12 books of non-fiction including *The Real All Americans*, *The State of Jones*, and the *New York Times* bestseller *Sum It Up*, co-written with the late Summitt. Jenkins also spent seven years as a senior writer for *Sports Illustrated* magazine, and other work has appeared in *Smithsonian,GQ, Tennis Magazine*, *Golf Digest,* and *ESPN Magazine*. In 2005 she was the first woman to be inducted into the National Sportswriters and Sportscasters Hall of Fame. She was presented for induction by her father, the late Dan Jenkins, also a Hall of Famer. She received her Bachelor of Arts degree from Stanford University in 1982 and resides in New York.

Napier, Erin
HEIRLOOM ROOMS: Celebrating the Soul of Home
Hardcover * October 2023

From Erin Napier, the designer, host of HGTV's hugely popular Home Town, and author of MAKE SOMETHING GOOD TODAY comes a heart warming, beautifully illustrated, one-of-a-kind book about celebrating and appreciating the homes we love and live in. Our homes are more than an assemblage of bricks and glass, wood and nails. They are the keepers of our childhood memories, our milestones and heartaches. They live and breathe and evolve as we do. As a family grows and eventually retracts, a home can change hands and begin again. We are the chapters in the book of a

house. They carry on after we are gone, setting the stage for another story, a new life, new memories. One of Erin's favorite houses was her grandmother's. As she got older, and bought a home of her own, and then a few more as she and her husband, Ben, launched a wildly successful business and television show, she realized she didn't have any photographs of the home, itself. She had plenty of memories, but no pictures. Not the beautiful photos that fill the design books, but the snapshots of the everyday life that happened in each room. HEIRLOOM ROOMS sets out to change that. Alongside Erin's beautiful recollections and photography of each room in a house are stories and snapshots of her friend's lives, as they live them, in the houses they call home. Imperfect, real, a little messy, but happy and full of family, and of life, encouraging each reader to appreciate the home they have, and all the things it holds. **Erin Napier** is a designer and entrepreneur who started her career in corporate graphic design before founding her own international stationery company, Lucky Luxe, and is a founding co-owner of Laurel Mercantile Co. Together with her husband Ben, they live and restore homes in Laurel, Mississippi on HGTV's *Home Town*. Their passion for small-town revitalization and American craftsmanship is evident in their store, Laurel Mercantile Co., where they design and manufacture heirloom wares and durable goods made exclusively in the United States.

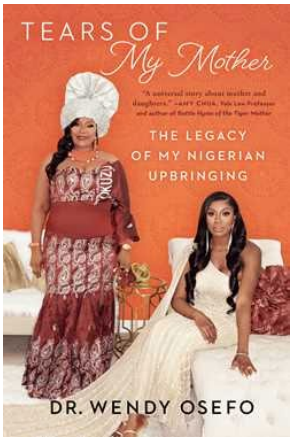
Osefo, Wendy
TEARS OF MY MOTHER: The Legacy of My Nigerian Upbringing
Hardcover * September 2022



From a breakout star of Bravo's The Real Housewives of Potomac, Dr. Wendy Osefo shares the story of her complicated relationship with her mother, and how her Nigerian upbringing has affected her life, her definition of success, and her role as a mother. When Wendy Osefo was growing up, her mother was everything she wanted to be in life. A towering 5'9 figure, Iyom Susan Okuzu's high expectations of herself and her children were how Wendy was taught to understand success. As an adult, this imposing rigidity represents everything Wendy would choose to change about herself. In TEARS OF MY MOTHER, Wendy explores the paradox of her mother. Her mother experienced unbelievable loss, yet maintained her grace at all times. She had been heartbroken time and again, yet loved without reservation. Her love was coupled with discipline, and her kindness paired with a childlike sense of selfishness. An aloof disciplinarian, she was unknowable to Wendy. In Nigerian culture, a parent is only as successful as their children. To that end, Wendy's mother was adamant about the way she and her siblings lived their lives. Tracing the way she was shaped by her culture as a "First Gen" American growing up, Wendy parses her own definition of success, realizing that, like so many women before her, getting what you wish for can be a double-edged sword.. **Dr. Wendy Osefo** is a Nigerian-American political commentator, public affairs academic, philanthropist, and television personality. She is an assistant professor at Johns Hopkins School of Education. She is also a cast member on *The Real Housewives of Potomac*.

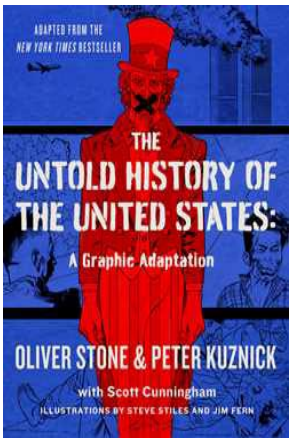
Stone, Oliver and Peter Kuznick
UNTOLD HISTORY OF THE UNITED STATES (Graphic Adaptation)
Paperback * September 2022



Now in graphic novel format! By "secret history," Oliver Stone and Peter Kuznick mean history that should have been but hasn't previously been available to the vast majority of citizens in the United States and elsewhere. It is cutting edge history based on the latest archival findings that challenges prevailing orthodoxies and asks questions not normally asked. By discerning patterns that have previously gone unrecognized and examining the most recently released classified documents, a new picture begins to form. This is not the kind of history taught in schools or normally presented on television or in popular movies; THE UNTOLD HISTORY OF THE UNITED STATES will come as a surprise to the vast majority of American and global citizens. Complete with poignant photos, arresting illustrations, and little-known documents, this book covers the rise of the American Empire and national security state from the late 19th century through the Obama administration, putting it all together to show how deeply rooted the seemingly aberrant policies of the Bush-Cheney administration are in the nation's past and

why it as proven so difficult for Obama to significantly change course. By analyzing and drawing conclusions about the past, the authors have discovered patterns and connections that will shock even the experts and astound history-lovers. Oliver Stone is an Academy Award-winning director, producer, and screenwriter. **Peter Kuznick** is professor of history and director of the award-winning Nuclear Studies Institute at American University and is currently serving his fourth term as distinguished lecturer with the Organization of American Historians. He has written extensively about science and politics, nuclear history, and Cold War culture. **Oliver Stone** made such iconic films as Platoon, Wall Street, JFK, Born on the Fourth of July, Natural Born Killers, Nixon, Salvador, and W, and is the author of the highly acclaimed memoir Chasing the Light.
