EDEN'S CHILDREN
January 2023

In the world of V.C. Andrews, mother doesn't always know best. Twisted maternal motives, siblings in peril, and a dark tragedy are just the beginning for the Eden family. When Paula Eden adopts Faith and Trevor, she believes there is something special between them. A former teacher, Paula homeschools her new son and daughter, and is dazzled by their brilliance. But as the children grow into their teenage years, their desire for independence grows. Faith sets her sights on someone outside of the family—a handsome young man visiting from out of town. As her feelings for the outsider blossom, Paula grows increasingly desperate to preserve the integrity of her own small family, and sinister plans for her adoptive children to carry on her family legacy. Loyal Trevor will do anything for his mother, even at the risk of hurting the sister he loves dearly. Paula's desperation to hide her own dark secrets and build the family of her dreams—no matter the cost—will chill you to the core. One of the most popular authors of all time.

LOSING SPRING
October 2023

Caroline Brady is the daughter of a very conservative TSA agent and former military brat, Morgan Brady. Her mother Linsey Brady is a descendent of the Sutherland real estate family. Their organized, suburban life in Colonie, NY is rigorously regulated and leaves little room for deviation from the norm. When Linsey, Morgan, and Caroline attend the wake of their neighbor Mr. Gleeson, they meet his charming daughter Natalie "Nattie" Gleeson, who works for the American ambassador to France. Linsey and Nattie strike up a fast friendship as women of a similar age in very different places in their lives--Linsey a devoted mother and housewife, and Nattie an international diplomat living an independent and freewheeling life. Their friendship soon evolves into a romance, leading to the collapse of Linsey's marriage and her disinheritance from the Sutherland family fortune. In true V.C. Andrews fashion, a whirlwind of unexpected death, family estrangement, and a forbidden inheritance become Caroline's new reality as she struggles to navigate the loss of her mother, the mind-boggling wealth of the Sutherland family (who quickly lock her away from the world), and the loss of contact with her father following the divorce.

EMMA OF 83RD STREET

June 2023

Beautiful, clever, and rich, Emma Woodhouse has lived twenty-three years in her tight-knit Upper East Side neighborhood with very little to distress or vex her...that is, until her budding matchmaking hobby results in her sister's marriage—and subsequent move downtown. Now, with her sister gone and all her friends traveling abroad, Emma must start her final year of grad school grappling with an entirely new emotion: boredom. So when she meets Nadine, a wide-eyed Ohio transplant with a heart of gold and drugstore blonde highlights to match, Emma not only sees a potential new friend but a new project. If only her overbearing neighbor George Knightley would get out of her way.

Handsome, smart, and successful, the only thing that frustrates Knightley more than a corked whiskey is his childhood friend, Emma. Whether it's her shopping sprees between classes or her revolving door of ill-conceived hobbies, he is only too happy to lecture her on all the finer points of adulthood she's so hellbent on ignoring. But despite his gripes—and much to his own chagrin—Knightley can't help but notice that the girl-next-door is a woman now...one who he suddenly can't get out of his head. As Emma's best laid plans collide with everyone from polyamorous hipster baristas to meddling family members to flaky playboy millionaires, these two lifelong friends slowly realize their need to always be right has been usurped by a new need entirely, and it's not long before they discover that even the most familiar stories still have some surprises.

Anthony, Carl Sferrazza

CAMERA GIRL: The Coming of Age of JACKIE BOUVIER KENNEDY

May 2023

Camera Girl brings to cinematic life Jackie Kennedy's years as a young woman chafing at the expectations of her family and her era as she seeks to follow her dreams of becoming a famous writer. Set primarily during the underexamined years of 1950-1954, when Jackie was 20 to 24 years old, the book recounts the extraordinary story of her late college years, coming-of-age, and her life as a young female journalist. Before she met Jack Kennedy, Jacqueline Bouvier was a columnist at the Washington Times-Herald, the paper's "Inquiring Camera Girl," who posed intelligent and amusing questions to the public on the streets of D.C. (while also snapping their photos with her unwieldy Leica camera). She then fashioned the results into a daily column, 600 of which were published in total. Carl Anthony, author and leading expert on First Ladies, uses these columns and other writings of hers from that time, as well as a trove of revealing interviews he has conducted with her friends and colleagues, to offer a fresh and modern perspective on the young woman who would later become one of the world's most beloved icons. It's a glamorous, surprising, and distinctly feminist story about a woman determining her own priorities and defining herself, told with admiration and empathy, as well as journalistic rigor and historical accuracy.

Carl Sferrazza Anthony is a former historian of the National First Ladies' Library and the author of a dozen books about Presidents' wives and families, their significance, and their power. His books include the oral history biography *As We Remember Her: Jacqueline Kennedy Onassis in the Words of Her Friends and Family*; *The Kennedy White House: Family Life and Pictures, 1961–1963*; the two-volume *First Ladies: The Saga of the Presidents' Wives and Their Power, 1789–1961*; and *America's First Families: An Inside View of 200 Years of Private Life in the White House*. His articles have appeared in the *New York Times*, *Newsweek*, *American Heritage*, and *Vanity Fair*.

SURE, I'LL JOIN YOUR CULT: A Memoir of Mental Illness and the Quest to Belong Anywhere

September 2023

Maria Bamford is comedian's comedian (an outsider among outsiders), and has forever fought to find a place to belong. From struggling with an eating disorder as a child of the 80s, to navigating a career in the arts (and medical debt and psychiatric institutionalization), she has tried just about every method possible to not only be a part of the world, but to want to be a part of it. In Bamford's signature voice, SURE, I'LL JOIN YOUR CULT brings the reader on a quest to participate in something. With sincerity and transparency, she recounts every anonymous fellowship she has joined (including but not limited to: Debtors' Anonymous, Sex & Love Addicts Anonymous, and Overeaters Anonymous), every hypomanic episode (from worrying about selling out under capitalism, to enforcing union rules on her Netflix TV show set to protect her health), and every easy 1-to-3-step recipe for fudge in between. Singular and inimitable, Bamford's memoir explores what it means to keep going, and to be a member of society (or any group she's invited to) despite not being very good at it. In turn, she hopes to transform isolating experiences into comedy that makes you feel less alone (without turning into a cult following).

Maria Bamford was awarded Best Club Comic at the American Comedy Awards and Breakout Comedy Star at the Montreal Comedy Festival, her critically acclaimed work includes her web series "The Maria Bamford Show" (featured at MOMA NY), "Ask My Mom" (recommended by The New Yorker), and her Netflix series "Lady Dynamite." Maria's writing has been featured in The New York Times, LA Weekly and The Onion. Maria has contributed comedic voice overs for such animations as Netflix's "Big Mouth" and "BoJack Horseman," Cartoon Network's "Adventure Time," PBS's Emmy-winning series "Word Girl," Nickelodeon's "Kung Fu Panda" and "Legend of Korra," and the international hit "Talking Tom and Friends." She can do about 11 voices, not including her own, but just a little higher and faster. For her mental health advocacy, she's been presented with The OCD Foundation's Illumination Award and featured at the Psychotherapy Networker Symposium, The Chautauqua Institution and the Saks Institute for Mental Health Law, Policy and Ethics Symposium. She's not always right for these rooms, but she's on time and pleasant. (From MARIA: This was all in the third person, though I wrote it myself, which is slightly creepy. My apologies. If you need help, dial 911. I know. Health care can be super shitty. Go get yourself that shitty-ass help! I love you and think you deserve it.)

Belfort, Jordan

WOLF OF INVESTING: My Playbook for Making a Fortune on Wall Street

October 2023

From Jordan Belfort, author of *The Way of the Wolf* and subject of the hit movie *The Wolf of Wall Street*, comes his long-anticipated guide for mastering the stock market. *The Wolf of Investing* teaches you when to buy, sell, hold, and cash out; how to make smarter (and safer) investments; and how to build significant wealth over both the short- and long-term. Unlike traditional investment books, each page of Jordan's lessons, colorful stories, and principles entertains the reader with the charismatic swagger portrayed so famously on the silver screen by Leonardo DiCaprio. When Belfort's brother-in-law, Fernando, lost nearly \$100,000 dollars in investments in under 60 days, Jordan sat him down for some tough love. Using the financial acumen and insider's knowledge he learned during his time working on Wall Street, Jordan taught Fernando how to turn his portfolio around. Along the way, he explains which decisions were bad and why, as well as how to pivot from failure to success. Belfort teaches you everything you need to know about savvy investing--even if, like Fernando, whatever stock you've touched has turned to yesterday's trash. As you read this guide, you will not only learn life's most profitable lessons, but you'll also laugh out loud at Belfort's brazen honesty and salty wit. After being enraged by watching big banks steal money from individual investors, and determined to right the wrongs of his own infamous past, Belfort now shows regular investors how we can use Wall Street to our advantage. Whether you're new to investing or want to take your portfolio to the next level, you will learn everything Belfort knows about the stock market from *The Wolf of Investing*.

Jordan Belfort has acted as a consultant to more than fifty public companies, and has been written about in virtually every major newspaper and magazine in the world, including *The New York Times*, *The Wall Street Journal*, *Los Angeles Times*, *The Times* (London), *Herald Tribune*, *Le Monde*, *Corriere della Sera*, *Forbes*, *BusinessWeek*, *Paris Match*, and *Rolling Stone*. His two international bestselling memoirs, *The Wolf of Wall Street* and *Catching the Wolf of Wall Street*, have been published in over forty countries and translated into eighteen languages.

Every spring, newspapers run variations on the same photograph: a conga line of climbers trudging toward the top of the world. Op-ed pages rehash rants about overcrowding, and magazines like the New Yorker publish tick-tock how-it-happened deep-dives of how things went wrong. Mount Everest has become a reality show of sorts, with a cast of characters that make us shake our heads. Everyone seems to be aware of the circus, but few know how we got here. Everest, Inc., examines our obsession with the world's highest peak and unravels that knot, revealing why Texas oilman Dick Bass becoming the 170th or so person to summit the mountain in 1985 is a far more important milestone than Edmund Hillary and Tenzing Norgay becoming the first to summit in 1953. It was this moment, when a wealthy charmer with zero ability to survive the mountain on his own made it to the peak, that kicked off the next forty wild years of triumph, tragedy, and absurdity on Everest. Unlike any Everest book to date, Everest, Inc. puts all the stories you've heard—and many you have not—into context,

through the eyes of the people who witnessed the evolution first-hand. Through hundreds of interviews with mountain guides, clients, Sherpas, pundits, writers, Hollywood actors, pro climbers, and others, Cockrell brings the story of the guiding industry arms race to life, and with it the entire mountain, in its glory and calamity.

Though it has no shortage of Darwin Award-worthy, schadenfreude-eliciting tales, the book transcends cliché and presents an uplifting but overlooked counternarrative of Everest. It's the story of how, despite the growing disdain for those willing to buy their way to the top, an army of journeymen and women mountain guides have quietly become experts at making dreams come true for people around the world. Amidst the greed and narcissism is genuine soul searching among those willing to pay the ultimate price for transformation.

Will Cockrell has spent more than 15 years as a senior editor, writer, and consultant for national magazines including Men's Journal, Outside, Men's Fitness, and GQ. His writing has been awarded by the American Society of Magazine Editors, Professional Publishers Association UK, and the LA Press Club. A former outdoor guide, Cockrell has covered Everest throughout his career, and has visited Everest base camp in Nepal. He lives with his family in Mammoth Lakes, California. BAD MORMON: A Memoir

February 2023

Straight off the slopes and into the spotlight, Heather Gay is known to dish God’s honest truth. Whether as a businesswoman, mother, or television personality, Heather is unafraid to blaze a new trail; even if at the isolation of her family, friends, and church. Heather was born and bred Mormon. Growing up in Utah, not even the snow-capped mountains could draw attention from the state’s most prominent resident: the Mormon Church. Between attending orthodox services, embarking on an eighteen-month mission, attending Brigham Young University, and marrying into a “royal” family, Heather was the definition of a “good Mormon.” However, when the doting wife’s husband unexpectedly filed for divorce, she was left out in the cold by her church and her community. In this funny, brash, and unbelievably vulnerable book, *Bad Mormon* recounts Heather’s experiences as a single mother to three girls, navigating life post-divorce and post-Mormonism. It follows Heather’s early days as a young girl in the church, through to her disavowal of the Mormon faith and success in both business and television. *The Real Housewives of Salt Lake City* star documents the challenges of raising strong women despite feeling broken, and teases out the complicated relationship between duty to self and duty to God. *Bad Mormon* works to reconcile cultural and religious beliefs, with shifting ideologies about the world and its inhabitants. And Heather is its charming narrator. Hers is a story of honesty and transparency in a community where skeletons line the closets. Heather Gay is anything but shy, and it shows in her work. It’s a story about finding healing after heartbreak and accomplishment after abandonment—from a woman unafraid of holding anything back.

Heather Gay is a star of Bravo’s *Real Housewives of Salt Lake City* and the cofounder of Beauty Lab + Laser, an innovative cosmetic medical practice based in Salt Lake City with its own behind-the-scenes podcast *Live Love Lab*. A graduate of Brigham Young University, Heather lives in Salt Lake City with her three daughters.

Gorrindo, Simone

THE WIVES: A Memoir

March 2024

Cover TBD

It wasn't just that I didn't know how to describe what I was going through. It was also that I knew I didn't have to. That was the bewitching power of spending time with the wives. The shorthand, the way we could say so much about our lives to one another without saying much at all. At twenty-eight years old, Simone Gorrindo quit her dream

job in New York to follow her husband Andrew to the South as he enlisted in an elite unit of the Army. Arriving in rural Georgia to a drab bungalow far from the city and publishing career she once loved, Simone is an unlikely soldier's wife, struggling to find herself—and the man she thought she knew. When Andrew deploys to Afghanistan with an elite combat unit for the first time, Simone begins to realize that nothing could have prepared her for the reality of sending her partner off to war. Except, perhaps, for the wives. In Andrew's long absences, Simone discovers the resilient network of other women left behind. At first reluctant to count herself among this group of devoted young mothers and homemakers, Simone soon understands the necessity of their bond: while their husbands belong to the Army, the wives belong to each other. They gather for lunches and dinners, begin a book club, weather pregnancies and illnesses together, share in unspeakable fears. A phone call or a few blocks away, they intertwine their lives, enduring their loneliest nights in each other's company. What follows is an intimate look into the inner lives of a unique American sisterhood. In prose rich with raw emotion and insight, Simone deftly captures the strangeness and solace of these new friendships, fierce attachments formed between disparate women facing the unimaginable together. But as the war drags on and Andrew's deployments extend, she begins to realize they have both been profoundly altered. When anxiety and the secrets they must keep from one another threaten to consume her, Simone wonders who has made the greater sacrifice. *THE WIVES* is at once a tender, unflinching portrait of a marriage and a testament to the power of friendship in unexpected places. It is a moving meditation on love and belonging, an exploration of what it means to find home—in ourselves, in our communities, in each other. It is a powerful and wholly unique perspective on human connection in the shadow of modern war.

Simone Gorrindo is a writer and independent developmental editor living in Tacoma, Washington with her husband and two children. Her writing has appeared in *The New York Times*, *New York Magazine*, *Longreads*, *The Los Angeles Review of Books*, *The Christian Science Monitor*, *The Best Women's Travel Writing*, *SELF*, and others. She holds an M.S. in journalism from Columbia University, and has received fellowships and grants for her writing and reporting from the International Women's Media Foundation, the Georgia Council for the Arts, the Hambidge Center for Creative Arts and Sciences, and the Scripps Howard Foundation.

Henderson, Rob

TROUBLED: A Memoir of Foster Care, Family, and Social Class

February 2024

Cover TBD

Rob Henderson was born to a drug-addicted mother and a father he never met—and grew up in ten different foster homes in California. When he is finally adopted into a loving family, he is hopeful that life will finally be stable and safe. But divorce, tragedy,

poverty, and violence mark his adolescence and teen years, and Henderson enters the military upon completing high school. He recounts the steps and missteps he took to escape the drama and disorder of his youth. Despite success after success—a military career, an undergraduate education from Yale, a PhD from Cambridge—Henderson can never shake the feeling of being on the outside looking in. In this unflinching portrait of shattered families, desperation, and determination, Henderson reflects on his expectation-defying young life and juxtaposes his story with his friends who wound up incarcerated or killed. He argues that stability at home is the strongest predictor of future success, and he illustrates the ways the elite among us benefit from a set of social standards that actively harm the most vulnerable.

Rob Henderson grew up in foster homes in Los Angeles and the rural town of Red Bluff, California. He joined the Air Force at the age of seventeen. After his enlistment, he graduated from Yale University with a BS in psychology and was subsequently awarded a Gates Cambridge Scholarship. Once described as “self-made” by the New York Times, Rob received a PhD in psychology from St. Catharine’s College, Cambridge in 2022. His writing has appeared in the New York Times, the Wall Street Journal, the Boston Globe, and the New York Post, among other outlets. RIGHT CALL: What Sports Teach Us About Work and Life

June 2023

Sportswriter and columnist Sally Jenkins spent her whole life literally stamping great coaches and athletes down in letters. But somewhere along the line, she realized, they had begun to write her. Their example could shape her into something better if she paid attention. What she learned from great athletes and coaches is that champions are the product of their own work. This book is an effort to catalog the inner qualities that allow ordinary people to overcome pressure, elevate their performances and find champion identities. **THE RIGHT CALL** uses breath-takingly dramatic sports anecdotes featuring the elite coaches and play-makers Steve Kerr, Bill Belichick, Pat Summit, Peyton Manning, and Jill Ellis, Michael Phelps, and Andre Agassi, among others, to illustrate 7 principles which underlie great decision-making. The seven principles (conditioning, practice, discipline, candor, culture, resilience, intention) are each broken down and explored in their own chapters through long-form sports stories. This book is the one stop shop for anyone wanting to learn how to effectively lead and achieve. From sports fans to

businesspeople and everyone in between, there is something for any reader ready to elevate their greatness practices.

Sally Jenkins has been a Washington Post columnist and feature writer for more than 20 years. HEIRLOOM ROOMS: Soulful Stories of Home

October 2023

Our homes are more than an assemblage of bricks and glass, wood and nails. They are the keepers of our childhood memories, our milestones and heartaches. They live and breathe and evolve as we do. As a family grows and eventually retracts, a home can change hands and begin again. We are the chapters in the book of a house. They carry on after we are gone, setting the stage for another story, a new life, new memories. One of Erin's favorite houses was her grandmother's. As she got older, and bought a home of her own, and then a few more as she and her husband, Ben, launched a wildly successful business and television show, she realized she didn't have any photographs of the home, itself. She had plenty of memories, but no pictures. Not the beautiful photos that fill the design books, but the snapshots of the every day life that happened in each room. HEIRLOOM ROOMS sets out to change that. Alongside Erin's beautiful recollections and photography of each room in a house are stories and snapshots of her friend's lives, as they live them, in the houses they call home. Imperfect, real, a little messy, but happy and full of family, and of life, encouraging each reader to appreciate the home they have, and all the things it holds.

Erin Napier is a designer and entrepreneur who started her career in corporate graphic design before founding her own international stationery company, Lucky Luxe, and is a

founding co-owner of Laurel Mercantile Co. Together with her husband Ben, they live and restore homes in Laurel, Mississippi on HGTV's Home Town. Their passion for small-town revitalization and American craftsmanship is evident in their store, Laurel Mercantile Co., where they design and manufacture heirloom wares and durable goods made exclusively in the United States.

BREAKING BIDEN: Exposing the Hidden Forces and Secret Money Machine

Behind Joe Biden, His Family, and His Administration

August 2023

In the first of its kind, Alex Marlow delivers a deeply researched investigation into the Biden presidency: the administration, his family, and the hidden forces behind it all. Joe Biden's long career in Washington is full of embarrassing gaffes, disastorous policy decisions, and unfulfilled promises that resulted in his predictably dysfunctional and unpopular presidency. Using top-secret sources he has cultivated as the top editor at Breitbart, Marlow offers original reporting on the people and insitutions behind the poor decision making, including Vice President Kamala Harris, the CDC, WestExec advisors, and other members of the Biden Deep State. From crippling inflation to COVID, the tragedy in

Afghanistan, rising violent crime, and divisive woke politics, Biden's government is a monumental threat to America. Why was the clearly unqualified Kamala Harris chosen as his running mate? What is the meaning behind the high number of Biden administration officials that come from a few secretive consulting firms? And exactly how rich is the Biden family, and where is the money coming from? Marlow answers these questions and more as he pulls back the curtain to reveal the inner workings of a calamitous regime.

Alexander Marlow is the New York Times bestselling author of *Breaking the News*. He serves as Editor-in-Chief of Breitbart News Network, where he started as Andrew Breitbart's first employee at the age of twenty-one. Alex has been on the cover of *Time* and *Newsweek*, named in *Forbes*' "30 Under 30," and called "perhaps the most significant media figure in America." BIBI: My Story

October 2022

From their earliest days, Bibi and his brothers Yoni and Iddo were instilled with purpose. Born in the wake of the holocaust and at the dawn of Israel's independence, the three sons of a family with a prominent Zionist history understood that being Israeli meant knowing what they were living for. They studied in America, where all three excelled academically, but always knew that Israel was their homeland.

Called to protect it, the brothers joined an elite special forces unit of the Israeli Defense Forces. At age twenty-three, Bibi suffered a gunshot wound while leading his team in the successful recovery of hostages from a hijacked plane. Four years later, in 1976, Yoni was killed while commanding Operation Entebbe, a successful mission to recover hostages from another hijacked plane. Yoni became a national hero; Bibi felt he would never recover from grief. But over time, Yoni's legacy and sacrifice guided Bibi, thrusting him ever-further into the public and political battle against terrorism, and spurring him to become one of the most influential leaders in his country's history. In his autobiography, Bibi weaves together his personal history with the history of Israel and the Jewish people. In powerful and eloquent writing, he provides his singular perspective on the geopolitics of the Middle East. And as steward of his country's critical relationship with the United States, he gives often surprising accounts of working with Presidents Clinton, Obama, and Trump. This volume will be required reading for anyone who wants to truly understand the Middle East.

Benjamin Netanyahu was reelected as Prime Minister of Israel in 2022, having previously served in the office from 1996–1999 and 2009–2021. From 1967–1972 he served as a soldier and commander in Sayeret Matkal, an elite special forces unit of the Israeli Defense Forces. A graduate of MIT, he served as Israel’s Ambassador to the United Nations from 1984–1988, before being elected to the Israeli parliament as a member of the Likud party in 1988. He has published five previous books on terrorism and Israel’s quest for peace and security. He lives in Jerusalem with his wife, Sara.

WHILE TIME REMAINS: A North Korean Defector’s Search for Freedom in America

February 2023

After defecting from North Korea, Yeonmi Park found liberty and freedom in America. But she also found a chilling crackdown on self-expression and thought that reminded her of the brutal regime she risked her life to escape. When she spoke out about the mass political indoctrination she saw around her in the United States, Park faced censorship and even death threats. *While Time Remains* follows the accounts of the international sensation *In Order to Live*. Park takes the reader on her incredible journey through America, beginning with the start of her brand-new life in New York City and her education on the hallowed grounds of Columbia University. Step by step, she details the harrowing events that convinced her that freedom—as both a condition and an ideal— even once realized, is extraordinarily fragile and difficult to preserve. This is a deeply human story, filled with pain and disappointment as well as friendship and love, and, most importantly, hope. In her second book, Park sounds the alarm for Americans by highlighting the dangerous hypocrisies, mob tactics, and authoritarian tendencies that speak in the name of wokeness and social justice. No one is spared in her eye-opening account, including the elites who claim to care for the poor and working classes but turn their backs on anyone who dares to think independently. Park arrived in America eight years ago with no preconceptions, no political aims, and no partisan agenda. With urgency and unique insight, the bestselling author and human rights activist reminds us of the fragility of freedom, and what we must do to preserve it.

Yeonmi Park is a North Korean defector and human rights activist. She escaped the brutal Kim dictatorship as a teenager only to fall victim to sex trafficking in China, before escaping to South Korea by walking across the Gobi Desert. Eventually making her way

to America, where she is now a citizen, Park has dedicated her life to bringing attention to the horrors and atrocities taking place in her home country and in China. Park is also the author of the international bestseller *In Order to Live: A North Korean Girl's Journey to Freedom*. She is a graduate of Columbia University and lives in Chicago, Illinois.
