SHERKO FATAH

Big Dreams

NOVEL

Date of publication: August 30, 2023

A daughter disappears. A father in despair sets off for a dangerous journey to Syria.

"Sherko Fatah tells the most exciting and tension-filled stories in German literature." FAS

Sensitive and insightful, this is a heartbreaking story set against the backdrop of the conflict in the Middle East.

A daughter has disappeared. She has travelled to Syria to marry a jihadist she met online. Her father Murad blames himself. If he had only told Naima more about his old homeland, which he has left behind mentally, as well as physically; if only he had paid more attention to her feelings of alienation – perhaps then she wouldn't have gone to a strange country in the name of religion. Murad knows he must find Naima. He contacts human traffickers and travels to the Kurdish territory on the Turkish-Syrian border, where he comes face to face with his past. When the traffickers play him an audio diary recorded by a woman in Raqqa – probably Naima – Murad sets out on a perilous journey into ISIS territory...

For readers of Serhij Zhadan, Olga Grjasnowa and Orhan Pamuk.

One of our most politically astute authors.

A life lived between alien worlds: the moving story of a daughter's relationship with her father and of a family and country in pain.

When Nilufar was a young girl, her father moved back to Iran, leaving her behind. Now, for the first time, she travels to his home country to meet the family she never knew. In Tehran, she finds a world of contradictions, and encounters new faces – all of them wounded, and each with their hopes and dreams. Nilufar slowly gets to know the life that might have been her own, yet her father keeps eluding her whenever she tries to get close to him. In the midst of this chaotic and restless city, among the well-meaning relatives who have welcomed her into their home, Nilufar little by little discovers a fragmented country, a fragmented family and her own fragmented identity.

NOVEL

**"I have rarely read anything this refreshing, bold and funny."
Saša Stanišić**

A glittering novel about two friends who dare to do things differently. Big changes happen when no one's looking: this is Keller's fearless and irresistibly original story about breaking boundaries and an imaginative revolution – a fierce yet tender novel about two women determined to start something new. But how? Something happened on that warm summer's night, in the shopping centre car park. A van was pilfered – was it to do with drugs? Vera and Peli are suspected of being involved, but when the police interview them the two young women don't shed any light on the mystery. On the contrary: there's a mermaid in a pool, bicycles arranged in a circle on the train tracks, and an abducted horse – it seems that Vera and Peli have committed a whole series of crimes, one more improbable than the next. And so begins an adventurous search for answers in a city at night-time, as well as a quirky examination of our vanishing present.

I have rarely read anything this refreshing, bold and funny.

MICHAEL KLEEBERG

Autumn

NOVEL

Date of publication: August 30, 2023

"Michael Kleeberg is an endlessly talented, shamelessly malicious writer, a master of all keys and registers of the grand organ of the novel." Die Zeit

It's Karlmann 'Charly' Renn's sixtieth birthday, and he's having a big knees-up to celebrate. What he also does is take stock – with his characteristic complacency and stubbornness, and without sentimentality. As always, he refuses to give in to the rampant groupthink around him without a fight.

What he thinks of as a second youth is overshadowed by thoughts of what he has irredeemably lost. But Charly knows nothing if not how to protect himself from overwhelming emotions. It's a skill he needs desperately now, because his self-esteem is being sorely tested indeed: not only by Covid, but also by his father's impending death and the conflicted relationship with his own children, who have long fled the roost. So Charly takes on one last project to once again prove himself a proper stayer. In a cultural centre in Hamburg, he becomes an involuntary activist – only to discover, when it's all over, that a new and very different era is dawning, one which may no longer have much time for him.

ANNETTE MINGELS

The Last Lover

NOVEL

Date of publication: August 30, 2023

Written with a light touch, "The Last Lover" is both psychologically insightful and stylish.

Former chemistry professor and womanizer Carl Kruger is lonely. He and Helen were married for more than half a century, and lived in this New York suburb for almost as long. After Helen's death, though, his adopted daughter Lisa and grandson Collin persuade him to join them on a trip to his old home country. For Carl, the journey turns into an encounter with a long-suppressed past: his family's escape from the Polish town of Sopot, his childhood in East Germany, the two brothers who are so very different from himself. As the threesome travel through a changing world, Carl wonders: has he, an 'old white man', actually made it into the twenty-first century?

Her brilliance as a storyteller comes down to her three-dimensional characters, a great sense of narrative timing, and hidden plots which it is a sheer joy to discover.

JOANA OSMAN

Where the Ghosts Dance

NOVEL

Date of publication: August 30, 2023

English sample translation available

Three generations linked by a yearning to put down roots – a moving and colourful novel based on the author's own family history

Jaffa is Sabiha and Ahmed's home. It is where they're raising their sons, and where they have opened their own cinema, so that they can sit in the back row and cry at Shirley Temple movies. But when Israel declares independence in 1948 and the Arab-Israeli war breaks out, the family is forced to flee. They embark on an Odyssey that takes them first to Lebanon and then to Turkey. As they search for a new home, all they find is derelict temporary housing and states that refuse to accept them. They grieve for the dead, but never lose their lust for life – not to mention their sense of humour.

Seventy years later, Osman travels to Israel in search of her family's past. Who were these two people, who raised her father on the run? What was the trip like which invisibly, but decisively, affected her own youth?

Fiction and biography merge as Osman seeks to salvage her family's story – an imaginative and delightfully funny novel, where the ghosts of the past come to dance.

For readers of Lena Gorelnik, Pierre Jarawan and Fatma Aydemir.

Berlin in a day: the superb, razor-sharp portrait of a society undergoing major change

It's the 9th of November, 2021. Berlin is in lockdown, but life goes on. The famous, but shy author Bernard Entremont has travelled here to accept an award – an event that indirectly touches half of Berlin. With "Crows in the Park", Peters has created an intricate web of tales that take place over the course of a single day, and which collectively tell the story of our modern lives: from a socialite frantically pulling strings and a politician's son who believes in conspiracy theories, to an influencer past the first flush of youth and her husband, who finally wants to get down to writing his second novel; and from a young German-Turkish couple caught between joy and fear after a positive pregnancy test, to an Afghan refugee searching for a foothold in the anonymous currents of the big city. "Crows in the Park" is a brilliant, razor-sharp, multifarious portrait of a society that can no longer rely on the old certainties, but hasn't yet found new ones.

One of the best modern German-language authors.

JAROSLAV RUDIŠ

Christmas in Prague

WITH NUMEROUS ILLUSTRATIONS BY JAROMÍR 99

Date of publication: September 27, 2023

Rights sold to: Czech Republic (LABYRINT)

A Christmas story set in snowy Prague, movingly told by Jaroslav Rudiš and brilliantly illustrated by his best friend, Jaromír 99

Christmas Eve. On what is probably the quietest day of the year in Prague, Rudiš walks through the Czech metropolis on the Vltava and tells us about the river and all the old bridges, and of life in the shadow of the Hradčany, the world's largest castle complex.

It is snowing, and the wind is bitterly cold. The streets are empty. Yet they are also full of old and new stories and encounters. Again and again, Rudiš enters pubs whose names start sounding like a zoo: the Black Bull, the Hippopotamus, the Two Cats, the Stag, the Golden Tiger... This is where he meets his friends. Then he sets off again, to walk with those who went before us, including Kafka, Hašek and Hrabal. And then he meets a man sitting alone in the Shot in the Eye pub with a carp in a gherkin jar, hoping for a Christmas miracle – waiting for his wife and for the Christkind, who'll be bringing the presents.

On his Christmas adventure, Rudiš is accompanied by his best friend, Jaromír 99, who has drawn the illustrations for this magical, tragicomic stroll through snowy Prague.

In the Shadow of the Blue Horses

NOVEL

Date of publication: November 01, 2023

A captivating novel about one of art history's biggest mysteries

Art historian Maximilian Kisch is obsessed. For many years now, he has tried and failed to track down a missing painting by the Blue Rider painter Franz Marc. It was last seen in Hermann Göring's private collection, shortly after the 1937 Munich exhibition of 'degenerate' art. Ever since, the art world has wondered what became of it. Max wants to make one last attempt to recover the painting, and travels to the Getty Museum archives in Los Angeles. There, with the help of his colleague Jessica Steiner, he makes a startling discovery...

Grippingly told and based on historical evidence, "In the Shadow of the Blue Horses" tells the story of the famous painting – its creation, its collectors, its cleverly planned theft – and of a chilling suspicion.

Paper Children

NOVEL

Date of publication: October 18, 2023

An unforgettably captivating and piercingly topical novel on the first campaigners for children's rights.

Berlin, 1874. In the Steglitz district workhouse, eight-year-old Emma and nine-year-old Mathilde begin a friendship that will last their whole lives. Although they have to work hard all day, these two unusual girls never give up their dream of a better world. Later, Emma becomes a young activist and campaigns against the exploitation of women in factories, while Mathilde hopes to be rescued by true love. But when the two of them become mothers, Emma has to do what she can to stave off poverty – for her family as well as Mathilde’s. And this is how Emma Döltz entered history as one of the three headstrong women who fought against starvation and child labour, opened Germany’s first Montessori children’s homes, and changed the law – thus paving the way for the historic children’s rights movement.

The prominent campaigners Emma Döltz, Clara Grunwald and Eglantyne Jebb are the reason that our children have rights at all – in this novel, their life and work is interwoven with a dramatic family saga.

**"A fantastic international plot – bound to be a massive hit."
 Romy Hausmann, author of "Dear Child" and "Sleepless"**

Summer 2002. In Palermo, a priest is shot dead. In Antwerp, police seize three tons of cocaine. In Zurich, a pilot commits suicide. Three seemingly unconnected events – but Swiss Federal Criminal Police are convinced they're all somehow linked to ex-banker Baumann, who is on the payroll of a gang of South American Narcos. David Keller, Federal Police detective and mafia specialist, soon realises that this is no routine case: an international conspiracy is afoot, which threatens everything that he believes in – and his enemies are already closer than he thinks...
 A gripping conspiracy thriller, written by a real-life former investigator.

THE RABBI AND THE INSPECTOR (VOL. 3)

CRIME NOVEL

Date of publication: December 13, 2023

Don't believe everything you believe

You can't tell someone's past simply from their face, so when Rabbi Henry Silberbaum learns that a member of his congregation once belonged to a cult in Ticino, he travels there to find out more. In the dizzy heights of the Swiss Alps, he encounters the cult's self-proclaimed guru, and the two men have a fierce fight about God. Only a verbal fight, of course – but the next day, the guru is found dead. Suddenly, Henry is the prime suspect in a murder case, and is arrested. Fortunately, he has at least one boy in blue on his side: his friend Inspector Berking. Berking knows he's innocent, and together they forge a plan to entrap the real murderer.

Suspenseful, with a wonderful sense of humour plenty of quirkiness and absurd sense of humour. Everyone should read it.

KARL RABEN'S SECOND CASE
CRIME NOVEL

Date of publication: November 01, 2023

Raben's new case takes him first to Prague and then to Nürnberg, where the NSDAP is holding its party conference

Berlin, 1935. The constitutional state is dead, and Karl Raben is taking ever bigger risks to keep up his balancing act. Then Inspector Lichtigkeit discovers the body of a high-class prostitute. It turns out that Gestapo chief Reinhard Heydrich was one of her clients, so it's odd that he orders Raben to take charge of the so-called Aphrodite case. During his investigations, Raben comes across Werner Ehrig, a member of the SA and one of the men who murdered Red Flag editor Kurt Esser shortly before the Nazis came to power. Ehrig was also Aphrodite's chauffeur. The young inspector once swore to bring Esser's murderers to justice. But the conspirators are fighting back. Raben realises that he has no other choice: either he makes Esser pay – or Esser will kill him.

A fantastic historical thriller [...] about how hard it is to be a good man in evil times.

WALTER MOERS

The Island of a Thousand Lighthouses

NOVEL

Date of publication: September 06, 2023

More than 100 b/w illustrations

Only Walter Moers can make an apocalypse at once gripping, entertaining, quirky and funny

Hildegunst von Mythenmetz should really have known better. On the crossing to the island of Eydernorn, where he's planning to cure his book-dust allergy, he only barely escapes the clutches of death. But when he arrives at the hotel, he finds a musical humdrone waiting for him, his fame wins him the rank of first-class patient, and helpful coastal gnomes offer their services. He explores the island's bizarre flora and fauna and devotes himself to gazing at the one hundred and eleven lighthouses – which, at night, twinkle like a thousand. It would all be so relaxing, if it wasn't for the increasingly worrying encounters with the island's creatures: hungry belphegators, intrusive beachlopers, monstrous frostfrats, creepy cloud spiders, and the most dangerous of all demons, the legendary Quaquappa, who lives in the depths of the Zamonian ocean.

"The Island of a Thousand Lighthouses" is an opulently illustrated, epic story about a secret society willing to sacrifice everything to save Zamonia from the apocalypse, and an author at the mercy of a merciless fate who becomes a reluctant hero. As with the other Zamonia novels, this is a self-contained story and a wonderfully effortless introduction to Moers's fantastical universe.
